Up to the Service Period **Wireline Solution (India) Pvt. Ltd.,**

Performance Measurement Methodology

The Period of unavailability shall be measured from the time such unavailability is Reported to Wire line solution helps desk by the customer. All such instances where the network was not available for a minimum period of continuous five minutes from the logging of the complaint by the customer shall be considered as network unavailability. Once the problem has been resolved the nature of the solution should Be intimated to the customer and the time taken to resolve the problem and then report will be considered as downtime.

2. Bandwidth Availability:

Bandwidth availability is defined in terms of the minimum bandwidth that would be available to the customer at least 99.9% of the time, from Bharti Airtel Ltd & Tata Teleservices Ltd routers to which the customer is connected up to the peering point of Wireline Solution with its upstream Internet Bandwidth provider.

- **Service Commitment**

Minimum 99% of 100 % of the bandwidth contracted by the customer would be available to the customer at least 99.9% of the time from the Bharti Airtel Ltd & Tata Teleservices Ltd routers to which the customer is connected up to the peering point of Wireline Solution with its upstream internet bandwidth provider, over the period on a 24-hour basis.

- **Monitoring Period**

Up to the Service Period.

- **Service Credits**

% of time in hours when minimum committed bandwidth was available	% of amount deductible from the Charges payable by customer.
99.9% – 100%	0%
90 – 99.9%	10%
80– 90%	20%
70 – 80%	40%
60 – 70%	60%
Less than 60%	100%

Dindigul - 624 622.

- **Performance Measurement Methodology** (India) Pvt. Ltd.,

The Bandwidth availability shall be measured by Wireline Solution using its monitoring tools. The bandwidth availability shall be measured by MRTG monitoring utility, which is built in the Linux proxy server in customer's place.

3. Latency

Latency is defined as the round trip delay for a packet from Bharti Airtel Ltd & Tata Teleservices Ltd routers to which customer is connected - till the upstream bandwidth provider routers port.

- **Service Commitment**

Average Latency < 250 – 300 msec. Up to the Service period during normal conditions on a best effort basis

- **Monitoring Period**

Up to Service Period

- **Performance Measurement Methodology**

Latency will be tested using standard five 100-byte ping packets over a period of 3 half hour intervals when there is only test traffic on the line.

4. Packet Loss:

Packet loss as defined as the percentage of data packets that are lost form Bharti Airtel & Tata Teleservices Ltd routers connected to the customer till the upstream bandwidth provider's, gateway routers.

- **Service Commitment.**

Average packet loss < 1% Up to Service period, during normal conditions on a best effort basis.

- **Monitoring Period**

Up to Service Period

- **Performance Measuring Methodology**

Packet Loss will be measured using standard ten 100-byte ping packets over a period of 3 half hour intervals when there is only test traffic on the link.

5. **Outage Reporting.**

Wireline Solution (India) Pvt. Ltd.,

Wire line Solution shall monitor the customer the link on peak hours (excluding Sunday) 5 days a week basis. Should an end to end network be unreachable for 30 minutes or above, Wire line Solution will deem the service to be unavailable and will notify the customer within 60 minutes through phone, fax, email or pager. Wire line Solution shall strive towards providing a proactive notification for at least 90% of the network outage.

Service Credits

Subject to exceptions set out hereunder as Force Majeure, Wire line Solution shall maintain the above performance levels of its service parameters and agrees to provide service credits for deficiency in service as described above.

Wire line Solution will allow an appropriate credit to the customer in next subscription period and the customer will pay the invoice for that billing period portion of the charges reduced by the amount of the credit

Scheduled Downtime

Except in the case of emergencies, Wire line solution shall provide advance notification of at least two days for any scheduled maintenance and this maintenance shall not be counted as downtime, towards meeting the committed service levels.

Any scheduled maintenance will be carried out on Sunday after 1 P.M

Force Majeure

If at any time during the term of this Agreement, the performance in whole or it part of Wireline Solution, of the obligation of providing committed service levels, is prevented or delayed by reason of Force Majeure, it shall not be liable for any delay or failure for the performance of any of its obligations, to the extent that such delay or failure is caused by Force Majeure. Provided that it shall make every good faith effort to overcome or dispel the event of Force Majeure. A Force Majeure event shall mean any cause beyond Wireline Solution's reasonable control affecting the performance of its obligations, including but not limited to fire, flood, explosion, accident, war, strike, embargo, governmental/ regulatory requirement, civil or military authority, Act of God, terrorist act, inability to secure materials, industrial disputes and acts or omissions of other providers or telecommunication services.

Consequential Damages:

No party shall be liable to the other party, notwithstanding any other provision to the contrary, herein or under law and to the extent of any such right under law, each party hereby expressly and irrevocably waves their rights thereto, for any indirect or
