Home page of National Digital library of India

The screenshot shows the homepage of the National Digital Library of India. At the top, there is a navigation bar with 'Browse', 'Search', 'NDLI Club', 'Language', and 'PSNA College of Engineering and Technology'. The main header features the NDLI logo, the text 'National Digital Library of India', and 'One Library All of India'. Below this is a search bar with the text 'Search over 74,475,612 resources' and a language dropdown set to 'English'. The page is divided into three main sections: 'STUDY AT HOME' with buttons for School, CBSE Examination Preparatory, Engineering, Science, Humanities, Literature, and Law & Management; 'COVID-19 RESEARCH REPOSITORY' with buttons for Scholarly Publications, Data Sets, Documents & Videos, Journals & Conferences, Ideas & Funding, and Challenges & Startup; and 'FEATURED COLLECTIONS' with buttons for Birth Centenary of Satyajit Ray, On this Day, Person of the Week: Vincent van Gogh, Topic of the Week: World Nature Conservation Day, and Talks & Webinars.

Search by Type in NDLI

The screenshot shows the search interface on the NDLI website. The 'By Type' filter is expanded, showing options for Text, Image, Video, Audio, Presentation, Simulation, Application, and Animation. Below the filter, there is a section titled 'Content Type Selection' with instructions: 'Click on a content type icon above to browse contents of that particular type'. Another section titled 'To refine browse results' provides further instructions: 'Click on a facet (e.g. Author/Source) that appears on the left', 'Click the item(s) of your interest to refine search results', and 'Selected filter(s) will appear as breadcrumbs on top of search result panel'.

Search by Source in NDLI

The screenshot shows the NDLI search interface. The search criteria are set to 'Source: NPTEL', resulting in 151,279 items. The results list several aerospace engineering topics, each with an NPTEL logo and a 'Source: NPTEL' label. The topics include:

- Aerospace Engineering
- Advanced Control System Design for Aerospace Vehicles
- Acoustic Instabilities in Aerospace Propulsion
- Aerospace Propulsion
- Aircraft Performance, Stability and control with experiments in Flight
- Aircraft Structural Dynamics

Search by Language in NDLI

The screenshot shows the NDLI search interface with the language filter set to 'Tamil'. The search results are identical to the previous screenshot, but the text is in Tamil. A dropdown menu is open, showing the selected language 'தமிழ்' (Tamil) highlighted in red. The results list the same aerospace engineering topics as above.

CIRCULAR

It is glad to inform you that we have now added one more facility in our college library, "SWAYAM PRABHA". It is a group of 32 DTH channels. Doordarshan is telecasting these high-quality educational programmes on 24x7 basis using the GSAT-15 satellite. Every day, there will be new content for at least four hours which would be repeated five more times in a day, allowing the students to choose the time of their convenience. The videos are archived and are available in the link <https://www.swayamprabha.gov.in/index.php/program/archive/1>. The daily live telecast is available at our central library.

This DTH Channels covers the curriculum-based course contents at UG and PG level covering various discipline such as engineering, technology, law, medicine, agriculture, arts, science, commerce, performing arts, social sciences and humanities, etc.

The contents are provided by NPTEL, IITs, UGC, CEC, IGNOU, NCERT and NIOS. The INFLIBNET Centre maintains the web portal. It is an MHRD project under National Mission on Education through ICT (NME-ICT). The following table lists the channels and their subject name.
